HUNGARY—BRAZIL—MEXICO AND JEJU ISLAND, KOREA

Dear Prospective **WOLBI Jeju** Student,

We realize that choosing to attend WOLBI in Korea is a big financial decision. Please read this letter very carefully so that you fully understand how much it will cost to attend WOLBI Jeju.

The cost for a year at WOLBI Jeju (2021-22) is currently only \$16,577*. That price **includes**:

- ✧ Education costs, room and board during training sessions for 10-11 months (\$11,927)
- ✧ A plane ticket, food and housing for a 10-day study trip to Israel (\$3,275)
- ✧ A plane ticket, food and housing for a 7-day mission research trip to Thailand (\$1,375)

That price does not include, however, the non-refundable confirmation fee (\$600), supplemental materials (\$250), laundry fee (\$120) or round-trip plane ticket to and from Jeju Island, the optional Paul's missionary journeys trip to Europe (7 days in June to Turkey, Greece & Italy for \$3,275). Most foreign students also have to pay to leave the country one time in June for visa renewal purposes (This can be a 2-hour flight or boat trip to a nearby country).

They must write full name.

- ✧ **MOU Scholarship:** \$800 given to any who graduate from a school that has an MOU agreement with WOLBI.
- ✧ **A \$50-monthly stipend is given to those who are chosen as dorm discipleship assistants.**

Note: Total Discounts cannot exceed \$3,550. No other scholarships are available (ie WOL DIA, Creative 8, Teens Involved, STC etc). **It is important to note** that those WOL Bible Club scholarships can be used if students transfer from WOLBI Jeju to WOLBI NY for the second-year program or to some other Christian universities.

It is also important for you to know that students who attend WOLBI Jeju are not eligible for FAFSA. WOLBI NY and FL are on the FAFSA list but **WOLBI Jeju is not recognized by FAFSA (this includes student loans).** That means **we are not able to give government tax report forms (1098-t) for American or Canadian students.**

We understand this information may prohibit some students from attending WOLBI Jeju. We hope not. It really is a great deal aside from the other advantages of attending WOLBI Jeju such as credit transfer (some students last year got over 45 credit hours to transfer), missions exposure, cross-cultural relationship building, overseas study trips, broadened perspective, family atmosphere, closer interaction with quality teachers etc.
